

REMARKS/ARGUMENTS

Claims 21-40 are pending.

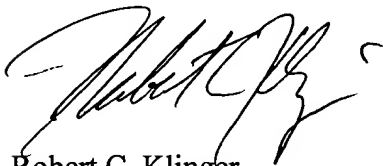

Claims 21-40 stand rejected under 35 U.S.C. 102(e) as being anticipated by Rempell US Patent No. 6,546,397 B1.

Independent Claim 21 and 30 have been amended to specifically recite that the method for recording changes in viewable content is performed without requiring user input. These amendments define these independent claims over the cited prior art of Rempell, and a notice to this effect is respectfully requested. Further searching on the part of the Examiner is not believed to be necessary, and this amendment is offered for the purpose of advancing this application to issuance.

A one Month Extension of Time is enclosed. The Examiner is authorized to debit deposit Account 50-1752 if any additional fees are required.

The Examiner is invited to contact the undersigned by telephone if the Examiner believes that such a communication would advance the prosecution of the present patent application.

Respectfully submitted,
